

Rev. 03-10-2020

Orient Pan Turn Mat

Part No. **PPP-OPM** (pkg of 2)

Clean orient pan with Chlorinite Solvent 8, Isopropyl alcohol or other non-residue forming cleaning agent.

Remove backing and position mat in center, longer horizontal line closest to belt, about 1/8" from edge of orient pan.

Mat forces the pins to turn immediately onto distributor belt.

Helps avoid jams.
