TECHNICAL NOTE

Please thoroughly read the instructions prior to performing the installation of this assembly.

To avoid any potential problems, if at any time during the process you have a question, stop and contact our Tech Support department at the numbers listed below.

When installing the new style cleaner tip assembly, it will be necessary to adjust the tip height in the cleaner head assembly.

1. Loosen the set screw on the stop collar in the cleaner head assembly.
2. Adjust the height so that the tip does not protrude beyond the frame panel.
3. Operate the machine in clean only mode to verify the cleaning function.
